Dear Freeman Lewis,

Please remember that although you have completed and signed your paperwork, there are still a few items that we'll need you to bring into the office before we can give you your keys. We'll need:

- Proof of income
- Copies of your photo ID's for all adults in the household
- Your utility setup confirmation number(s)
- Proof of insurance (minimum of \$100,000 liability)
- All required pet information (if applicable)
- All additional fees, per your Move in Statement

We recommend that you bring these items in advance of coming to pick up your keys to avoid any complications on your move in date. Feel free to send over your information via email or fax – or just stop by during regular business hours!

Please let us know if you have any questions about what is required, or if we can help you prepare for your move. We look forward to having you as part of our community!

Sincerely,

Your Team at Springs At Tradition
