

2023 Summer Internship Program

Program Overview

- Join 23andMe's **6th class of summer interns!**
 - **~26 interns** across **12 departments** including Communications, Compute Enterprise Infrastructure, DEI, Legal, Engineering, Marketing, Office of the CEO, People, Product R&D, Supply Chain, Research, and Therapeutics
- The program is **full-time** for **10 weeks** with 2 cohorts of interns:
 - Cohort 1: June 5, 2023 - August 18, 2023
 - Cohort 2: June 20, 2023 - September 1, 2023
 - Note: our company shuts down July 3 - July 7 for a summer reset (unpaid week off).
 - Most internships will be **remote** unless otherwise stated.
- **Compensation:** This is a **paid** internship. Details will be discussed with a recruiter during the interview process.

What to Look Forward to as an Intern

- Q&As with 23andMe's Executive Leadership Team
- Professional development workshops
- Mentorship from your manager and team
- Base Pair Program with another "pheno-menal" intern
- Weekly virtual social events
- A final presentation to share your internship experience

Gene Pool Perks

- Culture! 23andMe is a place filled with mentorship, transparency, and opportunities to be involved in work that is meaningful.
- A respectful, fun, and collaborative work environment
- One **free** 23andMe kit!

Interview Process

- Phone screen with a recruiter
- Phone screen with the hiring manager
- A "zoomsite" interview with 3-4 team members
- Interviews will take place in November
- Offers will be made in early December
