

LEASE CONTRACT ADDENDUM
FOR SATELLITE DISH OR ANTENNA

Under a Federal Communications Commission (FCC) order, you as our resident have a right to install a transmitting or receiving satellite dish or antenna on the leased dwelling, subject to FCC limitations. We as a rental housing owner are allowed to impose reasonable restrictions relating to such installation. You are required to comply with these restrictions as a condition of installing such equipment. This addendum contains the restrictions that you and we agree to follow.

1. DWELLING UNIT DESCRIPTION.

Unit No. 201, 11238 SW
Village CT #201

Port St. Lucie
(city), Florida 34987
(zip code).

2. LEASE CONTRACT DESCRIPTION.

Lease Contract Date: December 17, 2022
Owner's name: Continental 409 Fund LLC

Residents (list all residents):
Freeman Lewis

This Addendum constitutes an Addendum to the above described Lease Contract for the above described premises, and is hereby incorporated into and made a part of such Lease Contract. Where the terms or conditions found in this Addendum vary or contradict any terms or conditions found in the Lease Contract, this Addendum shall control.

3. **NUMBER AND SIZE.** You may install 1 satellite dish(es) or antenna(s) on the leased premises. A satellite dish may not exceed one meter (3.3 feet) in diameter. Antennas that only transmit signals or that are not covered by 47 CFR § 1.4000 are prohibited.
4. **LOCATION.** Your satellite dish or antenna must be located: (1) inside your dwelling; or (2) in an area outside your dwelling such as a balcony, patio, yard, etc. of which you have exclusive use under your lease. Installation is not permitted on any parking area, roof, exterior wall, window, window sill, fence or common area, or in an area that other residents are allowed to use. A satellite dish or antenna may not protrude beyond the vertical and horizontal space that is leased to you for your exclusive use.
5. **SAFETY AND NON-INTERFERENCE.** Your installation: (1) must comply with all applicable ordinances and laws and all reasonable safety standards; (2) may not interfere with our cable, telephone or electrical systems or those of neighboring properties; (3) may not be connected to our telecommunication systems; and (4) may not be connected to our electrical system except by plugging into a 110-volt duplex receptacle. If the satellite dish or antenna is placed in a permitted outside area, it must be safely secured by one of three methods: (1) securely attaching it to a portable, heavy object such as a small slab of concrete; (2) clamping it to a part of the building's exterior that lies within your leased premises (such as a balcony or patio railing); or (3) any other method approved by us in writing. No other methods are allowed. We may require reasonable screening of the satellite dish or antenna by plants, etc., so long as it does not impair reception.

6. SIGNAL TRANSMISSION FROM EXTERIOR DISH OR ANTENNA TO INTERIOR OF DWELLING.

You may not damage or alter the leased premises and may not drill holes through outside walls, door jams, window sills, etc. If your satellite dish or antenna is installed outside your dwelling (on a balcony, patio, etc.), the signals received by it may be transmitted to the interior of your dwelling only by the following methods: (1) running a "flat" cable under a door jam or window sill in a manner that does not physically alter the premises and does not interfere with proper operation of the door or window; (2) running a traditional or flat cable through a pre-existing hole in the wall (that will not need to be enlarged to accommodate the cable); (3) connecting cables "through a window pane," similar to how an external car antenna for a cellular phone can be connected to inside wiring by a device glued to either side of the window—without drilling a hole through the window; (4) wireless transmission of the signal from the satellite dish or antenna to a device inside the dwelling; or (5) any other method approved by us in writing.

7. SAFETY IN INSTALLATION.

In order to assure safety, the strength and type of materials used for installation must be approved by us. Installation must be done by a qualified person or company approved by us. Our approval will not be unreasonably withheld. An installer provided by the seller of the satellite dish or antenna is presumed to be qualified.

8. MAINTENANCE.

You will have the sole responsibility for maintaining your satellite dish, antenna and all related equipment.

9. **REMOVAL AND DAMAGES.** You must remove the satellite dish or antenna and all related equipment when you move out of the dwelling. In accordance with the NAA Lease Contract, you must pay for any damages and for the cost of repairs or repainting caused by negligence, carelessness, accident or abuse which may be reasonably necessary to restore the leased premises to its condition prior to the installation of your satellite dish, antenna or related equipment. You will not be responsible for normal wear.

10. LIABILITY INSURANCE.

You must take full responsibility for the satellite dish, antenna and related equipment. If the dish or antenna is installed at a height that could result in injury to others if it becomes unattached and falls, you must provide us with evidence of liability insurance (if available) to protect us against claims of personal injury and property damage to others, related to your satellite dish, antenna and related equipment. The insurance coverage must be \$ 100000.00, which is an amount reasonably determined by us to accomplish that purpose. Factors affecting the amount of insurance include height of installation above ground level, potential wind velocities, risk of the dish/antenna becoming unattached and falling on someone, etc.

11. SECURITY DEPOSIT.

An additional security deposit of \$ 300.00 will be charged. We (check one) ☐ will consider or ☐ will not consider this additional security deposit a general security deposit for all purposes. The security deposit amount in the Lease Contract (check one) ☒ does or ☐ does not include this additional deposit amount. Refund of the additional security deposit will be subject to the terms and conditions set forth in the Lease Contract regardless of whether it is considered part of the general security deposit.

This additional security deposit is required to help protect us against possible repair costs, damages, or failure to remove the satellite dish, antenna and related equipment at time of

13. MISCELLANEOUS. If additional satellite dishes or antennas are desired, an additional lease addendum must be executed.
